Special Boxes And "Fee/No Fee" Indicators For Trademark-Related Mail And Guidelines For Filing Requests To Extend Time To Oppose With The Trademark Trial And Appeal Board (TTAB)

On July 5, 1994, the Patent and Trademark Office opened a mailroom to receive mail related to trademark applications, registrations and matters before the Trademark Trial and Appeal Board at the following addresses:

Assistant Commissioner for Trademarks
2900 Crystal Drive
Arlington, Virginia 22202-3513

To facilitate mail-handling in the new mailroom, the special box designations have been expanded so that incoming mail can be presorted more efficiently. In addition to these box designations, filers are encouraged to indicate whether the contents of an envelope contain a "FEE" or "NO FEE." As shown below, the "FEE" and "NO FEE" indicators should be set forth on the line below the box designation for easy visibility. Envelopes will be batched based on the "FEE/NO FEE" indicator and box designation and sent unopened to the appropriate employee in the Pre-exam area for processing.

The "SPECIAL BOXES FOR MAIL" page in the *Official Gazette* will be changed. Please note that the "BOX 5" designation for "'No fee' mail related to trademarks" has been discontinued. Furthermore, the box designation "Box Trademark Application" has been changed to "BOX NEW APP."

The following box designations and "FEE/NO FEE" indicators will now be available:

BOX NEW APP FEE	for any new trademark application. [All applications require fees; therefore a "NO FEE" indicator should not be used.]
BOX ITU FEE	for papers such as Statements of Use (SOU), and extensions requests therefor, to be filled with the Intent to Use (ITU) Unit. [All ITU papers require fees; therefore a "NO FEE" indicator should not be used.]
BOX TTAB FEE	for papers such as oppositions, cancellation petitions and ex parte appeals filed with the Trademark Trial and Appeal Board (TTAB).
BOX TTAB NO FEE	for TTAB papers with no fee, such as extension requests, interferences and motions.
BOX STATUS NO FEE	for written status inquiries. [Status inquiries do not require a fee; therefore a "FEE" indicator should not be used.]
BOX POST REG FEE	for post registration documents such as Section 8 affidavits and Section 9 renewals.

BOX RESPONSES NO FEE	for responses to Examining Attorneys' Office actions; and for responses to Post Registration Examiners' rejections.

For best results, these box designations and "FEE/NO FEE" indicators should appear on the envelope as well as on the cover sheet or first page of any document. However, although not preferred procedure, filers may continue to include documents destined for more than one location in a single envelope, provided each document references the box designation and "FEE/NO FEE" indicator on the cover sheet or first page of the document; and provided each complete filing is stapled or secured in some fashion. The envelope should list all the box designations and "FEE/NO FEE" indicators for its contents.

This notice does not apply to trademark-related documents intended for recordation with the Assignment Branch or for requests for certified and uncertified copies of trademark application and registration documents. These papers and patent-related mail should continue to be sent to:
Commissioner of Patents and Trademarks, Washington, D.C. 20231.

Labeling First Requests for Extensions of Time to Oppose

Although the Trademark Trial and Appeal Board reports to the Office of the Deputy Assistant Secretary of Commerce and Deputy Assistant Commissioner of Patents and Trademarks, it is located and receives its mail at the Arlington address of the Assistant Commissioner for Trademarks. As noted above, requests for extensions of time to oppose should be sent to BOX TTAB, including the "NO FEE" indicator.

Because first requests for extensions of time to oppose are critically time-sensitive documents, filers are encouraged to indicate on the cover sheet or first page of the extension request that the paper is a first request. The suggested title for these documents is: **First Request for Extension of Time to File a Notice of Oppositions.**

Reference Collections of U.S. Patents and Trademarks Available for Public Use in Patent and Trademark Depository Libraries

The following libraries, designated as Patent and Trademark Depository Libraries (PTDLs), receive patent and trademark information in various formats from the U.S. Patent and Trademark Office. Many PTDLs have on file all full-text patents issued since 1790, trademarks published since 1872, and select collections of foreign patents. All PTDLs have both the patent and trademark sections of the *Official Gazette of the U.S. Patent and Trademark Office*. The full-text utility and design patents are distributed numerically on 16 mm microfilm, and plant patents on color microfiche. Patent and trademark search systems on CD-ROM (Compact Disc-Read Only) format are available at all PTDLs to increase utilization of and enhance access to the information found in patents and trademarks. It is through the CD-ROM systems that preliminary patent and trademark searches can be conducted through the numerically arranged collections.

All information is available for use by the public free of charge.

In addition, each PTDL offers reference publications which outline and provide access to the patent and trademark classification systems, as well as other documents and publications which supplement the basic search tools. PTDLs provide technical staff assistance in using all materials. Facilities for making paper copies of patent and trademark information are generally provided for a fee.

Since there are variations in the scope of patent and trademark collections among the PTDLs, and their hours of service to the public vary, anyone contemplating use of these collections at a particular library is urged to contact that library in advance about its collections, services, and hours in order to avert possible inconvenience.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

SECTION 2.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
